

Lowering Costs Through Unique Solutions

AMERIGLOBE

Remote Release Discharge

Some companies do not like to have their people reaching under a bag to discharge it. AmeriGlobe recognized this issue and worked to find a cost saving solution. The Remote Release Discharge is the answer. In addition to allowing an operator to empty a bag without reaching underneath it, the Remote Release Discharge also reduces the time it takes to untie the discharge ties.

- No need for special safety equipment
- Reduce labor to discharge
- Reduced threat for injury

Most companies claim to offer better bag prices. AmeriGlobe's systematic approach lets us find ways to save you money. The Remote Release discharge gives you safety improvements and cost reductions. Call us today to see how we can put our innovations to work for you.
